

GROW YOUR FUTURE WITH VUU

At Virginia Union University, our graduate programs offer the resources, expertise, and flexibility to help you reach your full potential — both personally and professionally.

We invite you to learn more about our graduate degree options, including our eight newest programs, and discover why we are the ideal place to propel your career forward!

E-MBA with Five Concentrations

The Executive Master's in Business Administration at Virginia Union University is ideal for current leaders who are always striving to grow and improve. You can choose to specialize in five areas, including Church Management (the only E-MBA of its kind).

Master of Science in Hospitality Management

The Master of Science in Hospitality Management will prepare you to be a global leader for the new normal of the 21st century. The Bureau of Labor Statistics projects some hospitality management jobs will grow up to 10% by 2026.

Master of Public Health

If you're seeking a career in health-related research and public health policy, the Master of Public Health (MPH) will provide the experiential learning and interpersonal skills to become a leader in the public health profession.

Master of Arts in Political Science

The Master of Arts in Political Science (PoliSci) at Virginia Union will have you delving deep into the advanced study of political science and political analysis in three different tracks.

Master of Criminal Justice

If you want to advance in the field of criminal justice, a Master of Criminal Justice will provide you with an in-depth understanding of the sociological, legal, theoretical, and practical areas to get you there.

Master of Science in Data Analytics

Earn a higher-level position and salary with a Master of Science in Data Analytics, where you'll further your understanding of extracting, organizing, interpreting, and drawing useful conclusions from data.

Master of Social Work

The Master of Social Work at VUU promotes the macro-, meso-, and micro-aspects of professional social work practice, as well as makes you eligible for advanced positions like those in clinical areas.

Master of Science in Biology

VUU's Master of Science in Biology will help students master broad-based and specialized research techniques, as well as deliver professional presentations of independent scholarly research.

These eight programs join our current lineup, which includes an [MA in Curriculum & Instruction](#), along with [our seminary programs](#).

[Apply to Virginia Union University today](#) with **no application fee, no GRE/GMAT test requirement, and a priority admission decision. You can also reach out to us at admissions@go.vuugrad.org.**

Grow your future with VUU. We look forward to hearing from you soon.

THE PROMISE OF A LIMITLESS FUTURE
